Hi class,

On **Sep 23, 2025 (Tuesday)**, you have your first discussion group assignment. **This is the graded class work** where,

1. You will work in groups, randomly assigned one country to each group, and given a prompt.
2. You have to do research (based on that prompt) and create a brief presentation.
3. You have to then present your research work, findings, and your thoughts by the end of the class.
4. There will be Q/A session and a peer review after each presentation.

Grading Criteria:

1. Content and Research Quality
2. Presentation Skills (speech, visuals, gist)
3. Organization and Clarity
4. Teamwork and Participation
5. Discussion Handling

My TA will also be there, and we will keenly observe individual participation.

Be on time for this class, as I will start forthwith.

Good luck 🍀
